### I. Introduction to the School

Hampden Charter School of Science West					
Type of Charter	Commonwealth	Location of School (Municipality)	511 Main Street West Springfield, MA		
Regional or Non-Regional?	Regional	Chartered Districts in Region	Agawam, Westfield, W. Springfield, Holyoke		
Year Opened	2018	Year(s) the Charter was Renewed	NA		
Maximum Enrollment <sup>1</sup>	441	Enrollment as of 6/22/2019	205		
Chartered Grade Span	6-12	Current Grade Span	6-9		
Number of Instructional Days per School Year	182	Students on Waitlist as of 6/22/2019	187		
School Hours <sup>2</sup>	7:30 am to 2:37 pm	Age of School	1		

The mission of Hampden Charter School of Science West (HCSS-WEST) is to provide a college preparatory-focused education to the youth of every race and ethnic group in Agawam, Holyoke, West Springfield, and Westfield in a safe, academically challenging, and caring educational environment. Our promise is to sustain small school size, to provide extended math and science curriculum, individualized attention, college guidance, and university outreach programs, and to encourage student-teacher-parent partnership. Fulfillment of our mission will empower our students with the support necessary to reach their highest intellectual, emotional, social, and physical potentials, building on the inherent promise to aid students' preparation for college.

<sup>&</sup>lt;sup>1</sup> Maximum enrollment for 2018-2019 school year is 252.

<sup>&</sup>lt;sup>2</sup> School ends at 3:30 p.m. when after school is also included. Hampden Charter School of Science West 2018-2019 Annual Report

### **II.** School Performance and Program Implementation

#### A. Faithfulness to Charter

#### 1. Mission and Key Design Elements

#### a) Problem and project-based instructional approaches for contextual learning

Project Based Learning is a school-wide instructional strategy that incorporates the development of 21st century skills assessed on a rubric. Key elements include teamwork, critical thinking, appropriate and efficient use of technology, and oral and written communication skills. Each student at the Hampden Charter School of Science West was required to take part in at least two PBL experiences during the 2018-2019 school year. This required most teachers to be a part of designing at least one PBL unit, often in collaboration with members of their grade-level teams. Teachers presented the PBL plan - including the driving question, project map, desirable outcomes, and rubric - to their classes, built student teams, and modeled effective collaboration, incorporating as necessary direct teaching strategies. As the culmination of the PBL student teams presented their projects to a group of faculty and students representative of the community their project was created for.

At HCSS West we believe that students learn best when they collaborate and work together to make sense of "what is going on." Additionally, the project-based instruction method emphasizes students' own artifact construction to represent what is being learned. HCSS West facilitates opportunities for students to perform active investigations that enable them to learn concepts, apply information, and represent their knowledge in a variety of ways. The collaboration among students, teachers, and others in the community is shared and distributed among the members of the "learning community." The project-based instruction appeals to the core of the school's mission because it makes academic research more relevant to the students. Moreover, the project-based instructional method facilitates contextual learning for real-life problems.

#### b) Rigorous academic program with extended math, science, and computer technology curriculum

State test data released over the years reveals that math, science, and technology were the subjects with which students in the Holyoke, Westfield, and West Springfield area struggled. In addition to the rigorous curriculum HCSS West focused on extended math and science education to close the gap for our students. The HCSS West academic program is designed to help students excel in their strong subjects and improve their weaknesses.

The HCSS West academic program includes the necessary elements to create the rigor for its students, including 21st century skills and project based, contextual learning, which helps students connect what they learn to their daily lives, making their learning more meaningful. In addition to these necessary elements, HCSS West offers extended math, science, and computer technology curriculum. This allows students to explore the material more deeply in smaller settings where individual attention is given and teachers manage the pacing based on the students' needs.

In middle school, students take five 84-minute blocks of math, three 84-minute blocks of science - where one block is a lab class, and one 84-minute block of computer class every week. This allows teachers to create more learning opportunities for their students and students have the chance to learn the material at their pace. For example, students may enter an accelerated math path in 7th grade, which creates the opportunity to take Algebra 1 in 8th grade. In the regular track, students utilize the extended time to learn the material in more depth and with more practice, applying and enhancing what

they learned. Student tasks are selected based on the Mathematics 2017 Frameworks. AP and Honors courses are offered in both the middle school and high school levels.

#### c) Individualized attention

The faculty and administration at Hampden Charter School of Science West are dedicated to improving individual student learning and performance. We have weekly department and grade level meetings, daily communication among staff members, on-going analysis of student needs informed by an in-depth database, and individualized action plans to ensure that each student's potential is reached. We offer a 10 to 1 student to teacher ratio to enable teachers to get to know their students and see that their academic needs are met. Teachers are accessible to help each student through study hall supports, after school programs, tutoring, and Saturday School. The family-oriented atmosphere of the HCSS West campus, the culture, provide the environment to nurture engaged, happy, and successful students, building the bonds for lasting relationships between students and staff..

#### d) College and career readiness

HCSS West implement its mission, which is to provide a college preparatory-focused education to the youth of every race and ethnic group in Agawam, Holyoke, Westfield, and West Springfield in a safe, academically challenging, and caring educational environment. Our promise is to sustain small school size, provide extended math and science curriculum, individualized attention, college guidance, university outreach programs, and to encourage student-teacher-parent partnership. Our mission empowers our students with the support necessary to reach their highest intellectual, emotional, social, and physical potentials, building on the inherent promise to aid students' preparation for college.

We worked diligently to accomplish our mission. Classroom sizes ranged from 7-22 students. Students received extra hours of math and ELA; middle school students received five 84-minute blocks of math and ELA and three 84-minute blocks of science. High school students received three 84-minute blocks of ELA, four 84-minute blocks of math, and three 84-minute blocks of science. All students had study hall time at the end of the day, at which time they also had the opportunity to get extra help with their academics in small groups.

HCSS also offered Saturday tutoring for the students who need help with their academics. Students had a chance to prepare for standardized tests including MCAS and PSAT. Students in 8th and 9th grade took the PSAT 8-9 test. In addition, students prepared for the Noetic Learning Math Competition.

To provide college guidance, high school students participated in visiting two college campuses and attending a college fair representing over 100 colleges and universities. In addition, middle school students visited one college campus.

# e) Supportive, structured, collaborative, and positive school culture achieved by student-teacher-parent partnership

Effective and ongoing communication is essential for building school-family partnerships. It constitutes the foundation for all other forms of family involvement in education. The great diversity among our families means that it is not possible to rely on a single method of communication that will reach all homes with a given message. It is essential that a variety of strategies adapted to the needs of our families is employed. These strategies include opportunities for face-to-face and electronic means of communication. HCSS West chooses these different strategies to maintain clear and strong

communication with our parents. Strategies used by HCSS West during the 2018-19 school year included Back-to-School Night, Parent-Teacher Conferences, the HCSS West Home Visit Program, phone calls, parent meetings, teacher/parent emails, HCSS West database access, HCSS West Friday Reminder Letter, Award Dinners for Academic Achievement, monthly PTO Meetings and Events, Special Education Parent Advisory Council Meetings, Annual Family Picnic, Annual Science Fair, Winter and Spring Fine Arts Performance Concert and Displays, Automated Voicemail and Email alert system through Blackboard.com, the HCSS West Website, various social media platforms including Facebook, Instagram, and Twitter, and an open door policy maintained by the HCSS West admin team.

#### 2. Amendments to the Charter

Date	Amendment Requested	Pending or Approved?
August 31, 2018	Temporary location change	Approved
May 1, 2019	Temporary Enrollment Amendment	Approved

#### 3. Access and Equity: Discipline Data

No data available for the 2017-18 school year.

# 4. Dissemination Effort

Best Practice Shared	Vehicle for Dissemination	Who at the school was involved with the dissemination efforts? (Title)	Criteria	With whom did the school disseminate its best practices? (Partners and Locations)	Result of dissemination
Data Driven Instruction and Effective Use of Technology in the Math Classroom	HCSS conducted a workshop for middle school math teachers in the Holyoke Public School system. This was a day long workshop based on a dissemination grant. This training took place on 11/17/18 at HCSS East, Chicopee.	Michael Guenette, Math Director of Curriculum and Instruction Murat Polat, Chief Academic Officer	Instruction and Technology	Maurice A. Donahue Middle School and Holyoke STEM Academy Math Teachers HCSS East 20 Johnson Road Chicopee, MA 01022	Results of the training were an increase in technology use in the middle school math classrooms in Holyoke, as well as establishment of a testing system and methods for using the data to plan future instruction.  The project was funded by the HCSS/Holyoke School to School Grant.
Effective Teaching and Use of Technology in the Math Classroom	HCSS conducted a workshop for middle school math teachers in the Holyoke Public School system. This was a day long workshop based on a dissemination grant. This training took place on 1/12/19 at HCSS East, Chicopee.	Michael Guenette, Math Director of Curriculum and Instruction Murat Polat, Chief Academic Officer	Instruction and Technology	Maurice A. Donahue Middle School and Holyoke STEM Academy Math Teachers HCSS East 20 Johnson Road Chicopee	A result of the training was an increase in engaging activities for implementation in Holyoke middle school classrooms.  The project was funded by the HCSS/ Holyoke School to School Grant.
Teaching Strategies and Instruction	HCSS Math Department Head visited the EN White School and the Maurice A Donahue school to observe and give feedback on their implementation of the discussed strategies.	Michael Guenette, Math Director of Curriculum and Instruction	Instruction and Technology	Maurice A. Donahue Middle School and Holyoke STEM Academy Math Teachers Holyoke STEM Academy and Maurice A Donahue School	Results of the visit were feedback on the implementation of engaging activities and on technology used in Holyoke middle school classrooms.  Artifacts: Feedback reports The project was funded by the HCSS/ Holyoke School to School Grant.

# **B.** Academic Program Success

#### 1. Student Performance

Link for Hampden Charter School of Science West School Report Card:

http://profiles.doe.mass.edu/accountability/report/school.aspx?linkid=31&orgcode=35160305&orgtypecode=6&

Student achievement is a result of the well-established, all-around HCSS West educational model. All elements of this model are designed to ensure HCSS West creates opportunities for all learners to receive necessary support to reach their highest intellectual, emotional, social, and physical potentials. Curriculum design, continuous support for teachers, common instructional strategies, internal testing system, data-driven instruction, technology rich classrooms, contextual learning, accountable talk, teacher evaluation system, and family engagement are some important elements of that model.

HCSS West teachers utilize various strategies to engage all students in class and make the instruction meaningful. Teachers use backwards design and gradual release of responsibility model when planning each lesson. Every lesson has a clear objective, opening with a WHY statement where teachers take time to explain the purpose of the lesson and to make real-life connections. Lesson plans are reviewed weekly by DCIs and feedback is given to increase the quality of instruction.

The internal testing system also plays a crucial role in student achievement. HCSS West administers school wide quarter final tests in ELA, science, social studies, and math at the end of each quarter. In addition to quarter finals, midterm tests are used to track student progress. These tests are prepared internally in coordination with the classroom teacher, DCIs, and dean of academics. Each major test is followed by an action plan. All data is analyzed, the results are scrutinized, and individual goals are set. The students' previous years' state test and quarter final test results are also available to the teachers to create a more complete picture and better understanding of each student's progress. All subject teachers, special education teachers, and ELL teachers make action plans to achieve their goals, design re-teaching activities, and set up after school, Saturday School, and study hall tutoring groups based on the data provided and ideas discussed. If further assistance is needed, administration arranges pull-out groups and finds additional tutors. There are also various support methods used in school such as mentoring, peer tutoring, teacher assistants, and co-teachers.

The table below shows the number of internal tests administered at HCSS West (quarter finals and midterms) for the 2018-2019 school year.

Subject	Test Type	Grades	# of tests
ELA	Quarter Final	6-12	3
ELA	Midterm	6-12	3
Math	Quarter Final	6-12	3
Math	Midterm	6-12	3
Science	Quarter Final	6-11	3
Science	Midterm	6-11	3
Social Studies	Quarter Final	6-11	3
Social Studies	Midterm	6-11	3

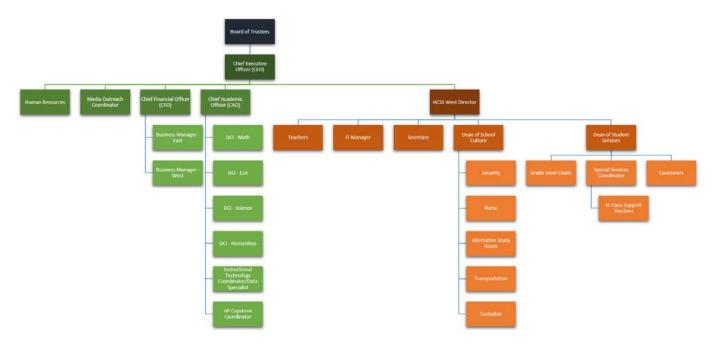

#### 2. Program Delivery

HCSS West and HCSS East used the same curriculum and implemented some changes to make their internal assessment program more effective in the 2018-2019 school year. In order to more appropriately prepare the students for Next Generation MCAS testing, we have moved to an entirely online testing platform for all Midterms and Quarter Finals. All of our tests are created in Linkit through a collaboration of DCIs and classroom teachers, consisting of mainly MCAS questions when applicable and technology enhanced questions are utilized on almost every exam.

In addition we introduced Alternative Structured Learning Days, or Blizzard Bags. All math and ELA teachers prepared 5 snow day plans that were posted on Google Classroom. In the event of inclement weather, students were expected to complete one math and one ELA assignment in order to be marked present for the school day. This helped to utilize these school days while they are the most valuable, before the MCAS tests are administered, rather than making them up at the end of the year.

# C. Organizational Viability

#### 1. Organizational Structure of the School

\*Orange: School Staff & Green: Network Staff.

The organizational structure for 2019-2020 school year will be as shown in the chart above. The Dean of Academics position is removed, and Dean of Student Services position is created. Dean of Students is renamed as Dean of School Culture.

#### **Teacher Evaluation**

HCSS West uses an HCSS-MA Educator Evaluation System with the inclusion of specific measurable HCSS indicators. (See attachment A for the HCSS Teacher Evaluation System report sheet)

Multiple steps are required to implement this system. The steps include reviews of curriculum maps, pacing guides, and lesson plans; observation of teaching, use of technology, successful Project Based Learning units, student assessment, and student feedback survey results; family and community engagement via home visits, parent communication, and participation in school events; and performance on indicators supporting positive professional culture including personal attendance and the completion of peer observation forms, as well as timely response to tasks such as student attendance, email, and preparation of substitute folders.

The teacher evaluation process occurs according to a timeline. (Table below.) HCSS West educators receive training in SMART Goal formation (Aug-Sept), determine and receive approval for goals and goal measures (DDMs) both state and district-determined (Oct-Dec), and implement plans to achieve Student Learning and Professional Practice Goals (Nov-June).

Mid-year formative evaluation meetings are scheduled for all staff in January/February to discuss progress on Student Learning and Professional Practice Goals and performance on the standards of the MA-HCSS Teacher Evaluation Report indicators, to confirm that teachers are receiving the supports necessary and to plan and implement any additional support.

AUG/SEPT	SEPT/OCT	OCT/NOV	DEC	JAN/FEB	APRIL	MAY/JUNE
Self- Assessment; SMART Goals and DDMs	Goals, DDMs reviewed and revised as necessary	Goals, DDMs are approved; plans to gather data and achieve goals implemented	Goals, DDMs added to the google drive file	MidYear Progress on Goals, DDMs, and MA-HCSS standards discussed in Review	DDM and teacher performance data prepared for Summative Evaluation Meetings	End-of-year progress evaluated; Overall Performance Rating determined using the data
Staff PD: MA-HCSS Teacher Evaluation System		Teacher-Admin meetings to review Goals/DDMs and Q1 work	Teacher- Department Head meetings	Meetings Full-period teacher observations followed by mid-year Review	2-3 meetings per teacher	Summative Evaluation meetings held

End-of-year summative evaluation meetings are scheduled for all staff in May. When Quarter 3 closes in April, teachers review their available student learning and professional practice goal data in order to assess their progress. Teacher reflection on this data merges with conversation on specifics of performance on indicators of the HCSS rubric to create positive and energizing dialogue. A significant outcome of this evaluation is that collaboration on formulation of both student learning and professional practice goals for the new school year begins, goals that will be updated when school-wide results from spring state tests are reported.

# 2. Budget and Finance

# A. Unaudited FY19 Statement of Revenues, Expenses, and Changes in Net Assets (Income Statement)

Hampden Charter School Of Science West Income Statement	Jul 18-June 19
Total Income	\$ 3,966,250
Total Expense	\$ 4,136,993
Net Income	\$ (170,743)

(See Attachment B for income statement details)

# B. Statement of Net Assets for FY19 (Balance Sheet)

Hampden Charter School of Science West Balance Sheet	June 30,2019
Total Assets	\$ 4,315,946
Total Liabilities	\$ 4,315,946

(See Attachment C for Balance Sheet details)

#### C. Approved School Budget for FY20

Operational Budget 2019-2020	Allocation
Total Revenues	\$ 4,321,648
Total Expenses	\$ 4,062,482
Net Surplus/Deficit	\$259,166

(See Attachment D for Approved School Budget details)

From July 21, 2019 HCSS Board meeting:

HCSS West 2019-2020 Budget: A motion was introduced by Dr. Khan and seconded by Ms.Hunter to approve the HCSS West 2019-2020 SY Budget.

Roll Call: All in favor. Motion passed unanimously. Resolution # 190721.1

#### D. Capital Plan for FY20

There is no Capital Plan for FY20

#### **III.Additional Information**

#### A. Accountability Plan Performance for 2018 - 2019

HCSS West has submitted the 2018-2019 Accountability Plan for department review. This plan is not approved yet and we anticipate it will be in the fall of 2019 to show faithfulness to charter and dissemination.

#### **B.** Recruitment and Retention Plan

# Recruitment Plan 2018-2019

School Name: Hampden Charter School of Science West

#### 2018-2019 Implementation Summary:

During the 2018-2019 school year, Hampden Charter School of Science carried out an effort to reach students from every demographic group. In order to strengthen the name recognition, HCSS posted eleven billboards in prominent locations in Hampden County. HCSS also held Open Houses from January to March. HCSS was able to expand our reach by placing brochures in local businesses and at community centers and religious institutions. To ensure that all families in our sending districts were aware of the opportunity to apply to HCSS, HCSS mailed 40,000 brochures to prospective families. Our brochures made clear that we are a tuition-free public charter school. This allowed our name and information to reach many more prospective families.

In order to implement a face-to-face recruitment strategy, HCSS distributed brochures in over 100 different locations across our sending districts. Some of these locations included Holyoke Mall, Barnes and Noble, Westfield YMCA, Boys and Girls Club of Boys and Girls Club of West Springfield, health centers, and all libraries. We also distributed brochures at 50 fitness centers, over 100 religious institutions, and 50 eateries. Our brochures and advertisements also included our information session dates, information about our tutoring and extra support programs, open house dates, and how to apply.

Through our relationships with local media outlets, HCSS was able to appear in articles, radio, and television features. Through MassLive, The Russian World, WGGB, and New England Public Radio, what else?. These prominent news organizations highlighted our academic successes, extracurricular programs, and community outreach. Articles appeared in multiple languages, including Russian and Spanish.

In order to truly experience HCSS, we were happy to host weekend Open Houses starting in January and ending in March when the lottery was held. At these Open Houses, prospective students and families were given a tour of our school by a member of administration along with Student Ambassadors. Information sessions were hosted by HCSS administration including HCSS Deans. In attendance were also special education, ELL staff, and translators. This allowed prospective students and families to ask questions about the school and receive knowledgeable answers from key members of the staff as well as students chosen due to their high standing in the school and their community. To reach more families, HCSS hosted an information sessions online via webinar.

HCSS participated in the community's Autism Speaks Walk in Westfield. A contingent of students and staff members wearing specially designed Autism Speaks HCSS shirts participated.

HCSS believes it will meet the comparison index targets for the 2019-2020 school year. Enrollment shows an increase in special education students and English language learners. Enrollment may be impacted by the high number of siblings enrolled in HCSS for the 2019-2020 school year. Around twenty-five percent of new students in sixth grade are siblings.

#### **General Recruitment Activities for 2018-2019**

- 1. Hold weekday and weekend Open Houses.
- 2. Make flyers, posters, and videos available for prospective student and parents.
- 3. Request and obtain a mailing list of students from the public schools of Springfield, Chicopee, West Springfield, and Ludlow in order to reach out to students in every demographic.
- 4. Send brochures and fliers to these potential students.
- 5. Place billboards in prominent locations.
- 6. Place advertisements in local newspapers in multiple languages.
- 7. Place radio advertisements.
- 8. Increase use of social media such as Facebook, Twitter, and Instagram
- 9. Continue to develop a relationship with local media outlets such as MassLive, the Chicopee Register, and ABC40.
- 10. Invite prospective applicants (individuals and groups) to visit the campus and meet with faculty and students.
- 11. Visit local K-5 charter schools and private schools.
- 12. Invite local K-5 charter school representatives to our school for informational and collaborative meetings.
- 13. Utilize online publications to post information about our application process.
- 14. Develop a broader social media presence and post information about our school and the application process.
- 15. Post on our website testimonials of current parents, including and especially parents of specific subgroups noted in the chart below.

	Recruitment Plan – 2019-20 Strategies List strategies for recruitment activities for <u>each</u> demographic group.				
	Special education students/students with disabilities				
	(b) ) 2018-2019 Strategies  ☑ Met GNT/CI: no enhanced/additional strategies needed				
	➤ To place brochures and applications at special education advocacy groups such as the Baystate Family Advocacy Center.

OPTIONAL	(g) 2018-2019 Strategies
Other subgroups of students who should be targeted to eliminate the achievement gap	➤ To communicate directly (e.g., letters, phone calls, brochures, and flyers) with selected groups of prospective applicants.

# Retention Plan 2019-2020

#### 2018-2019 Implementation Summary:

Our overall attrition rate for 2018-2019, as reported by ESE, is not available due to the school opening in the fall of 2018. The school does not yet have a retention rate. Throughout the year, we had a handful of students that withdrew due to the desire to home school, desire to be in a larger population of students, or return to a parochial school setting. Some students withdrew in order to play varsity athletics. This summer we have students who have withdrawn from HCSS-West for reasons including moving out of state, family relocation, or a desire to be in a larger population of students. The school's successes were that we were able to enroll siblings that were on the waitlist due to these vacancies.

Overall Student Retention Goal			
Annual goal for student 90%			
retention (percentage):			

#### **Retention Plan - Strategies**

Name,	Brief Job Description	Start	End
Title	r r	date	date
Robyn Nelson, Director	The school's Director is the person running the day-to-day operations of the school. She works closely with the CEO and ensures fulfillment of the school mission. The director is a vital link between the administrative staff, teachers, parents, and the public school system in creating cohesive relationships. The Director supervises and evaluates administrative staff. She oversees the staff professional development plan. She is responsible for guidance of school programs, and curriculum development, and instruction adjustments.	9/1/2018	
Mehmet Cogal, Dean of Academics	The Dean of Academics works closely with the Director and reports to him. He supervises individual student performance assessment and achievement, assessment of curriculum and instruction, and recommends improvements. Teachers, department heads, tutors, and students are under his supervision. The Dean of Academics supervises the Guidance Counselor, who advises students regarding college majors, admission requirements, entrance exams, financial aid, trade or technical schools, and apprenticeship programs. Also, the Classroom Instructional Assistants (paraprofessionals) are overseen over by the Dean of Academics.	9/1/2018	
Jason Dout, Middle School Dean of Students	Dean of Students provides guidance for students and families. Parents communicate with Dean of Students to ensure in-class support for students, to teach social skills/character development, and to coordinate parent involvement programs. The Dean of Students is responsible for developing and implementing student discipline policies and organizing parent involvement activities. The Dean of Students oversees student attendance, discipline matters, and community and parent relations. He supervises the school health services.	9/1/2018	
Robert Ackilli, Special Services Coordinator	Special Services Coordinator is responsible for overseeing the implementation of all services for special populations including the special education students, English Language Learners, and students on 504 plans. Special Services Coordinator oversees the special education teachers, paraprofessionals, and ELL teachers. Special Services Coordinator ensures that all special services programs and activities conform to federal and state regulations and guidelines, and complete all required reporting. Special Services Coordinator also coordinates and facilitates professional development; assists school with school-level programming; and collaborates and communicates effectively with other departments within the district.	8/30/2018
