## Home Visit Interest and Availability

Parents/ Guardians,

Hampden Charter School of Science - West prides ourselves on effective school to home communication for the benefit of our students. We offer an annual Home Visit as a way to connect with our students and their families in a comfortable setting. Home Visits typically last between 15-20 mins where 2-4 HCSS-West staff members visit the students home to have an informal meeting with the student and their family. Having a Home Visit is not a requirement for all students at HCSS-West although it is highly recommended. Having a relaxed meeting outside of the school building is an excellent way to build a strong rapport with the staff that works with your students.

If you have further questions regarding Home Visits please reach out to any of your students teachers or the administrative staff: (413)-278-5450.

If you would not like to be offered a Home Visit this year please indicate below:
